Somewhere in Time

*Somewhere in time
We met on timeless hills
And in the evening mist we kissed
And time stood still
Before the dawn we found forever*

Somewhere in Time
Somewhere in time
We met on Lincoln hills
And in the evening mist we kissed
And time stood still
When the dawn we found America

Somebody in Time
Somebody in time
We met in London hills
And in the evening mist we kissed
And time stood still
Before the dawn we found forever

Somehow in Time

*Somehow in time
We wait on timeless hills
And in the evening mist we heard
And time stood still
When the dawn we found forever*
